Capital Allocation: Externally Funded Expansion

Pros

• Strong free cash flow generation over 5 years signals healthy business fundamentals.

• Growing asset base with declining debt reflects growth supported by internal accruals.

• Return on equity improving for 3 consecutive years shows strengthening business quality.

Cons

• Return on capital employed below 10% suggests the business is not generating sufficient returns on invested capital.

• Revenue growing at below 5% over 5 years lags inflation and suggests limited business momentum.
